Wet Sounds RECON 6 Coaxial Speaker System. Operations / Installation Manual

Wet Sounds professional marine audio products represent the ultimate in high performance marine audio. Wet Sounds products are specifically engineered to withstand the rigorous marine environment.

RECON 6 Coaxial Speaker

Introducing the most full-featured, best sounding, and best valued speaker in Wet Sound's history. The RECON 6 was especially designed for low power applications and can be used successfully even with power built in to most head units, ready for any adventure, land or water. Using a powerful 6.5" mid driver with a full rubber santoprene spider & surround suspension system, a light weight Nylas Nylon/Fiberglass Frame, as well as a injection-molded composite cone and high output 3/4" aluminum dome tweeter to give you the ultimate sound experience at a budget friendly price. So if you are looking for a true high performance sound, you've found it with RECON from Wet Sounds. Sold in pairs with 3 different grill options and colors available.

Specifications:

RECON 6 COAXIAL SPEAKER

Power Handling RMS	60 Watts
Power Handling Peak	120 Watts
Impedance	4 Ohms
Frequency Response	40Hz – 20kHz
Sensitivity (@ 1 Watt/1 Meter)	89 dB
Weight	4 Lbs
Dimensions	6.8" diameter x 2.6" depth

OPERATION and INSTALLATION

Please review the hole cut out dimensions for RECON 6 and RECON 8 speakers and make sure that the correct and appropriate opening is provided for the speakers. Be sure to use the stainless steel screws that are provided. This will prevent against corrosion. Also included is a waterproof two conductor connector to connect the speakers to the amplifier or source unit. The red wire is positive, while the black wire is negative.

***If Equipped with RGB LIGHTNING:**

Special instructions about the RGB LED lighting behind the tweeter:

1. The RGB LED 4 wire harness should be connected with BLACK on +12V (a 2A inline fuse is required to be added). The other 3 wires (RED, BLUE & GREEN) can be combined & connected to ground (-12V in a variety of combinations to achieve one color of illumination behind the tweeter cup. For instance – grounding RED & BLUE together will result in purple color.
2. Adding an LED controller like the Wet Sounds RF-RGB-MC V2 enables the display of thousands of color combinations, as well as light changing modes and the ability to change the lights with music – all controllable via a hand held wireless remote.

What This Warranty Covers This is a "limited" warranty. This warranty covers any defect in materials and workmanship. This warranty only covers the original purchaser and is not transferable. This warranty is also only valid if the original purchase was made from an authorized Wet Sounds™ dealer.

How Long Coverage Lasts This warranty extends for 2 years from the date of purchase. It is recommended to REGISTER your warranty online within 45 days of purchase at www.wetsounds.com – click on "warranty registration".

What Is Not Covered This warranty does not cover fading or discoloration caused by exposure to sunlight or chemicals such as ammonia, household bleach, or any cleaning material that contains abrasive substances. Wet Sounds, Inc. does not cover the expense for removal or re-installation. Additionally, shipping TO Wet Sounds, Inc. must be paid for by the purchaser. This warranty is void and inapplicable if Wet Sounds deems that the product was abused or misused; including but not limited to damage caused by accident, mishandling, improper installation, removing the inline fuse on the power connection, negligence, normal wear and tear, excessive water or heat damage, freight/shipping damage, or products that have been disassembled by anyone other than Wet Sounds technical staff. Wet Sounds will not be responsible for any incidental or consequential damages, except to the extent provided (or prohibited) by applicable law. This warranty gives you specific rights, and you may also have other rights which vary from state to state.

What Wet Sounds, Inc. Will Do Wet Sounds, Inc. will repair any part of your product that proves to be defective in materials or workmanship. In the event repair is not possible, Wet Sounds will replace the product in question. If it is deemed necessary Wet Sounds, Inc. will either replace the entire product with a refurbished unit or it will be replaced with a model that is similar in price if that model is no longer available. Labor costs and materials needed to complete this service will be at No Charge to the purchaser. Additionally, return shipping FROM Wet Sounds, Inc. to the purchaser will be paid for by Wet Sounds.

How To Get Service Contact Wet Sounds, Inc. either by phone (877-938-7757) or by email (warranty@wetsounds.com). A service representative will assist you in confirming that the problem you are experiencing is caused by a defective product and if that product is covered under warranty. The service representative will issue you a Return Manufacturer's Authorization (RMA) and other details to obtain service for your product.

DO NOT RETURN YOUR PRODUCT WITHOUT THE PROPER RETURN AUTHORIZATION (RMA)!

Internet Warning Wet Sounds, Inc. products sold on any non-authorized web site or internet auction site are void of any and all manufacturer's warranty. Please contact Wet Sounds (877-938-7757) or visit our web site (www.wetsounds.com) for a list of authorized online sellers or to find an authorized installing retailer near you.
